RAYMOND RECORDER

No. 26 Vol. 2 Thursday, September 27, 1951

THE RAYMOND LION

The Lions Code of Ethics:

(6) Always bear in mind my obligations as a citizen to my nation, my State and my community, and to give them my unswerving loyalty in thought, word and deed. To give them freely of my time, labor and means.

In a way this portion of the Lions Code of Ethics is the most important of all the pledges a Lion makes, for upon it depends his ability to carry out the other pledges.

To every Lion his country stands as the sum of human attainments in the science of government. On it are based all his freedoms, his security in the possession of the fruits of his labor, his safety from foreign encroachment, his peaceful life with his family. Whatever the land to which he owes fealty, Lionism requires that a Lion give the fullest and most unswerving alliance. The Lion believes with all his heart that his government is the best yet devised. He feels that if it were destroyed, all his rights, all his liberties, all his safety—civilization itself—would be taken away.

This is a fitting time for every Lion to consider in all seriousness the privilege of citizenship. Let him consider what would become of his liberties, his rights, his security, his property, his equality with every other citizen to shape his life as he pleases, and to win honors or riches or fame of whatever appears to him—let him think what would become of all these if his government were overthrown, either by an enemy without or by false friends within.

The Constitution of the United States, the Magna Carta of Great Britain, were no accidents. They were the fruits of the labors of many years spent in toil and suffering and experiments and slow learning. On them our liberties are founded, and the power which succeeds in overturning them, overturns at the same time the hope of mankind.

With this belief strong in his soul, the Lion means every word he says, and more, when he pledges himself always to bear in mind his obligations as a citizen. That pledge means more than the paying of taxes and refraining from crime. It means the active and vigorous life of a man who loves and believes in his country, who rebukes every slur or attack on the government, who teaches loyalty and patriotism and appreciation of the blessings of freedom to the youth the citizens of tomorrow.

That is the power in Lionism which is making it such a force for good in every community where a Lions Club is established.

To Celebrate Golden Anniversary

Mr. and Mrs. L. D. King wish to announce that they will be holding Open House on Tuesday, October 9th, from four thirty until nine o'clock in the evening in celebration of their Golden Wedding Anniversary. A cordial invitation is extended to their friends. They request that no gifts be offered.

Missionaries Feted

Friday night was the time Mrs. Fan ny Litchfield chose to hostess a party honoring some missionaries who will be leaving shortly for various parts of the world. Heber Jones, Gerald Litchfield, Tom Holmes and Doug Litchfield were the honored guests and they were joined by Kay Stone, Ruth Humphries, from Picture Butte, and Garda Pilling from Leavitt, to enjoy a sumptuous supper of chicken and—

After the enjoyable feast Rook took up the remainder of the evening with high honors going to Miss Pilling and Mr. Holmes and consolation to Miss Stone and Mr. Jones.

I. B. Roberts Honored

The Seven Presidents and their partners, of the Seventy's Qorum met at the home of Mr. and Mrs. Carl Salmon recently to honor Mr. I. B. Roberts who was recently released after many years of service, from the position of Senior Member of the Seventy's Qorum.

Mr. and Mrs. Wm. Anderson, Mr. and Mrs. Gerry Gibb, Mr. and Mrs. Carl Gehmlich, Mr. and Mrs. Cliff Dahl, Mr. and Mrs. Willard Paxman (Secretary) Mr. and Mrs. Ralph Walker and Mr. and Mrs. Clinton Hardy of Stirling and their hosts sat down to a delicious chicken dinner after which a few games were played and a gift presented to Mr. Roberts.

A very enjoyable time was had by all.

Join the Gun Club

Following is part of the constitution of the Raymond Gun Club which we print in the hope of furthering local interest in this organization. Anyone interested in joining this Club can do so by contacting Herb Wilde, Loren Larson or any member of the Club.

The object of the Raymond Gun Club is the encouragement of organized Trap Shooting among citizens of Raymond residents, with a view toward a better knowledge on the part of such citizens of the safe handling and proper care of firearms, as well as improved marksmanship. It shall be our further purpose to forward the development of those characteristics of honesty, good fellowship, self-discipline, team play and self reliance which are the essentials of good sportsmanship.

Any citizen who is, or wishes to become a Trap shooter is eligible to membership in this organization on the vote of the Executive Committee and on payment of the usual dues. (continued on page two)

Upper Ten: A crowd where people spend money they have not earned (often have not got) to buy things they don't need to impress people they don't like.

October 9 Is the Date For Blood Donor Clinic

The Red Cross Blood Donor Clinic will be held in Raymond again next month, Tuesday, October 9, to be exact, and it is hoped that the donors will turn out even better than they did last year.

Since 1947 the Blood Transfusion Service has occupied an unique position in our day-to-day lives. Because of a request by many of the Provincial Governments and a great many of the Hospitals it came into being, and stepped into the field of Transfusion Therapy and took over the responsibility of providing blood and plasma, free, to all Hospital patients requiring it. This was a big step for the Red Cross to take . . . they had to assume that they would have the backing and the complete co-operation of every citizen of the Province, and those in normal health would become Blood Donors. To date this trust has certainly paid off.

Because of this service, we are no longer burdened, when the sudden need arises, by a frantic search for blood donors to save the lives of loved ones, friends or neighbors; we are no longer asked to pay prohibitive fees formerly charged by professional donors, yet, four years ago this was the case . . . Few Hospitals had any readily available blood donors, and if they did, their charge for each transfusion was anything from \$15 to \$50. Raymond has been asked to provide 200 donors at the clinic this year.

Will YOU make it a point to be one of these?

Mr. and Mrs. Glen H. Walker have returned to Vancouver where Glen is studying pre-medicine at the University there.

HUNTING SEASON

The hunter's a guy who thinks it is fun

To just hit the trail with his shells and his gun.
The first thing he does is spend a lot of dough,
And at five in the morning he's ready to go.

The weather is cold besides being damp,

He's raring to go and get to his camp.
His gun, shells and trousseau cost one hundred bucks,
And the poor guy comes home with a couple of ducks.

The very next day he's complaining of gout,

His hanky is catching the drips from his snout,
The pain in his chest is too much to bear,
The poor old boy is too sick to swear.

With two weeks in bed he starts coming around

But never again will he sleep on the ground.
In future his game will be bought at the store—
You don't get so wet and chilled to the core.

Twelve months have passed—there's a tang in the air

The weather is damp but why should he care,
He gathers his trousseau and spends a few bucks
And come home again—with a couple of ducks.

Will Lapierre had the misfortune of breaking his ankle the other day while he was attempting to unload a barrel of gas at Conrad. Just as he lifted on the barrel he slipped, throwing the barrel from him, but as he did so his leg twisted under him and doing the damage. He is now hobbling about and seems happy.

Mrs. Emma Rouse Is Laid To Rest

Last respects were paid to the late Mrs. Emma Jane Rouse on Wednesday afternoon at the Stake House when Bishop Hicken conducted the funeral services. Mrs. Rouse died in the local hospital Saturday evening after a short illness.

"O My Father" was the opening song and was followed by the invocation by Pres. L. L. Palmer. The choir's beautiful rendition of "I Need Thee Every Hour" and the trumpet solo played by Jim Hudson on the trumpet given to him by the late Wm. Rouse, were followed by a talk by Arlie Hudson. Joseph McLean then sang "One Sweet Solemn Thought" and Bishop Snow offered words of consolation and encouragement to the family and friends. Closing remarks were made by Bishop Hicken and the closing song was "Abide With Me". The benediction was pronounced by C. R. Wing.

Interment was in the Temple Hill Cemetery with Murray Holt dedicating the grave. Pallbearers were Albert, John, Bob and Bill Zobel and Bill Meheew, nephews of the deceased and a grandson, Brownie Witbeck. Christensen Bros. were funeral directors.

Mrs. Rouse is survived by one son, Walter, and three daughters, Mrs. Ethel Smith of Raymond, Mrs. Charlotte Towle of Edmonton and Mrs. Grace Bishop who lives in B.C., Mrs. Redd, Mr. and Mrs. Lyman Jacobs, Mr. and Mrs. Fritz Dahl, Mr. and Mrs. Gerry Gibb, Mr. and Mrs. Godfrey Holmes, Mr. and Mrs. Frank Taylor and Mr. and Mrs. Lincoln Wood.

Mrs. Rouse was predeceased by her husband about eight years ago.

We May Get Gas Yet

When in Magrath on Monday looking into the possibilities of adding their newspaper to our growing list of responsibilities, we received this very interesting bit of news from Mayor E. P. Tanner, Sr.

Mayor Tanner has been negotiating with the Gas Company again and has got them to revamp the whole setup to bring gas to Magrath and Raymond. When enough details have been assembled, Mayor Tanner expects to take a group of men from both towns to Calgary to meet with the Gas Co. This meeting should take place sometime next month.

The Alberta Canning Co. have moved their head office from Lethbridge to Magrath and Mayor Tanner has a letter from that company stating that it will switch from coal to gas as soon as it is available. The Woolen Mill in Magrath is also a prospective gas user. The Sugar Factory decided last summer that it would not be feasible to convert to gas.

This offers another chance for the people of these towns to enjoy the convenience of natural gas and we are sure that we speak the thoughts of every citizen when we say to Mayor Tanner and the other men working on this project that we wish them every success in their meeting with the Gas Company.

Incidentally, our "looking into" in Magrath culminated in our deciding to take over that paper and if nothing unforeseen happens by this weekend, the papers will be all signed, sealed and delivered—wish us luck!

Among those attending the Richardson-Merrill Reception in Lethbridge last week were Mr. and Mrs. Lee Brewerton, Mr. and Mrs. Kay Grace Bishop, Mr. and Mrs. Lyman Jacobs, Mr. and Mrs. Fritz Dahl, Mr. and Mrs. Gerry Gibb, Mr. and Mrs. Godfrey Holmes, Mr. and Mrs. Frank Taylor and Mr. and Mrs. Lincoln Wood.

Farewell Held For Douglas Litchfield

Douglas Litchfield was honored at the First Ward Services on Sunday prior to leaving to fill a mission for the L. D. S. Church in the West Central States Mission. He will leave on Saturday for Salt Lake City to visit friends and relatives before entering the Mission Home.

Sunday evening Nadine and Norma Meldrum played a beautiful piano duet, after which Doug's sister Mrs. Norma Smith gave a short talk. A vocal solo "Stranger of Galilee" was beautifully rendered by Joe McLean, followed by a talk by M. T. King and a trumpet solo of "Ave Maria" by Grant Erickson.

Mr. and Mrs. Carlyle Litchfield, Doug, and Bishop Hicken each spoke briefly at the conclusion of the programme.

Mr. and Mrs. Finny Terry of Calgary were visitors in town a few days this week at the home of Mr. and Mrs. Howard Melchin.

Mrs. Melchin returned to Calgary with them for a short visit, on Thursday.

At the "Get Acquainted Party" of the Raymond Third Ward Special Interest Class last week, these coincidents occurred. The members were divided into six groups. The group born in January and December (nine in all) all came to Canada the same year, 1903 and the group born in June and July (four of them) were all in the same class as they went through Public School. Carrie Palmer was born in Florida.

After this game was played, Mrs. Charlotte Graham showed the films of the beautiful scenes in Florida which she and her husband took on their trip there last winter.

You Are Real Lucky

Blindness plays no favorites. It can happen to anyone. It HAS happened to over 18,000 people living in Canada today . . . old and young from every walk of life. Blindness is a tragedy. It cannot be minimized by tears and expressions of sympathy. It CAN be minimized by intelligent service designed to train a sightless person to use his other senses to the best advantage. The Canadian National Institute for the Blind can provide these services . . . if you will help to provide the money to maintain them. The Annual Campaign in Southern Alberta is taking place until October 15th. The Canadian National Institute for the Blind is counting on YOU.

During the next month you will be asked to contribute to the Canadian National Institute for the Blind campaign—this will be your opportunity to help in the great work of rehabilitation of the Blind, and this work can only be carried on with the generous support of the public—remember your blind friends and help them to become self-reliant, more independent—your help is needed NOW. Just think, you have your sight—they are sightless.

Prevention is better than cure. Part of the work of the Canadian National Institute for the Blind is the prevention of Blindness. When you give to the current campaign you are helping to maintain this work of sight saving. Someday your own sight may be in danger. For your own sake, and for the sake of others, GIVE as generously as you can to the Canadian National Institute for the Blind.

Mrs. Zettela Taylor reviewed the book, "The Big Eye" by Rex Ehrlich at the Ladies Literary meeting at the home of Mrs. Elizabeth King on Wednesday.

The Book Review and the delicious lunch served by the hostess were both greatly enjoyed.

Miss Crshaw of Ottawa was a special guest.

Grant Spackman joined his wife here on Sunday for a week's visit with his parents Mr. and Mrs. E. L. Spackman. Mrs. Spackman came down last week to attend the Richardson-Merrill Wedding.

Mr. and Mrs. Spackman are residents of Edmonton.

Miss Smith of Lethbridge was a guest at the Cliff Gough home this week.

I REMEMBER

Elizabeth Munns McMullen

We arrived in Raymond the second day of September 1901 and lived in a tent until Christmas when we moved into our new house. I remember that a few days after moving into our house we drove to Stirling for groceries and supplies when a terrible blizzard came up and we became lost. We wandered around until almost daylight, nearly perishing in the cold. There were no fences, no trees no landmarks of any kind to guide us which made it very easy to get lost.

I remember coming to Raymond from Magrath to a celebration the day the townsite was named. Some work was going on where the old Sugar Factory used to stand and we went out there where we were served a delicious dinner by H. A. Jones who was the cook. I remember the building of the Ellison Grain Elevator and the Sugar Factory and I still have a sample of the first flour and the first sugar that came out of the mills.

Buildings went up fast and soon we were a thriving little community with a church, a school, etc. Our Church Services were held in the Mercantile building with the congregation sitting on kegs and benches.

I remember my father grew perfect gooseberries and one time some of the Church Authorities took some of them to Provo preserved in alcohol to show what could be grown up here in Canada. My father was intensely interested in agricultural fairs and for days would be preparing his exhibits and what VEGE-TABLES!

Dr. and Mrs. Doug Allen of Calgary are receiving congratulations on the birth of a baby girl on Thursday.

Mr. and Mrs. Leon Harker and family were Edmonton visitors last weekend when they took Laurie to the capital where he will attend the University. While there they visited with Mrs. Harker's brother, Dr. Kay Burnham.

No Decision On New School Yet

As we go to press Saturday morning, we are informed that the bids for the new school have been opened and examined but as yet no decision has been made. The School Board feel satisfied with the tenders but will not make any decision until sometime next week.

A Unique Case Of Breaking and Entering (Almost)

The hole is repaired, the boy is over his fright and his dad is almost back to normal.

That is the situation after young Master Kirk Knapp almost entered Joe's Pool Hall—even though he is only 4 years old. He followed his dad onto the platform that forms the ceiling to Joe's as well as a storeroom for King Motors but he wasn't so careful as to where he walked and the plasterboard ceiling didn't hold his weight, so down he started. Luckily he was caught by his arms and only the bottom part of him pointed down to the floor below.

He was no more surprised than the pool players below.

A man went to the bar and ordered some wine, drank it, chewed up the bowl of the wineglass, and threw the stem over his shoulder. He repeated this about six times, and noticing the bartender staring at him, he asked, 'I suppose you think I'm crazy, don't you?'

'I certainly do' replied the bartender. 'The stems are the best part'.

Congratulations and Best Wishes go to Mr. and Mrs. C. D. Gough who celebrated their Silver Wedding Anniversary on September 13th.

S. B. CARD & SON

Hunters taking to the lakes and sloughs in light craft this duck-hunting season are warned by R. C. Bishop, Red Cross swimming and water safety director, that tragedy too often follows duck hunting trips.

Hunters with layers of bulky clothing and heavy boots overload their boats with friends, guns and ammunition with no thought of water safety.

The first principle in protection is not to overload the boat. Should the boat tip over, stay with it. It can be and is, the best life-preserver the hunter has. Secondly, the hunter who braves deep water should wear an inflatable safety vest over his clothing.

Heavy boots should be loosened so that if the hunter lands in the water they can be removed easily.

An extra oar or paddle in the boat has saved many hunters. Finally, every hunter can make an economical life preserver for himself by obtaining two buckets with sturdy handles and tightly fitting lids. The buckets, used as buoys, will keep the hunter's head above water.

A group of Mrs. Frank Taylor's friends honored her on her birthday with a Surprise Party Thursday evening after Mutual.

A very gay time was had playing Rook after which a lovely lunch was served.

Last Wednesday evening Mrs. Fern Thompson was hostess to the Friendship Club when they held their regular meeting.

A very tasty lunch was served by Mrs. Thompson.

OUR TEACHERS MOULD OUR NATION'S FUTURE!

A nation can be no better than its people. People can be no better than what they believe in—the things they are taught.

Teachers are among the most important members of your community.

"I'll be glad to see the last of dirty ashes once we get. OIL HEAT!"

Have a cleaner, more comfortable home. And have time to spare for those extra things you want to do.

Heat and cook with oil and banish time wasted tending fires, and extra cleaning caused by ashes and dirt. Use economical Esso Heating Oil in space heaters, floor furnaces, automatic oil burners, hot water heaters, stoves, stock trough heaters and chicken brooders.

See your oil burner equipment dealer for installation and service. Contact your nearest Imperial Oil Office or Agent for your supply of dependable, economical Esso Heating Oil.

IMPERIAL OIL LIMITED

THE SIGN THAT SAYS MORE FOR YOUR MONEY

Mrs. C. T. Atwood returned on Monday from Sheridan, Montana where she has been visiting her son-in-law Owen Larsen the past few days.

The various civil defence organizations in Canadian centres are doing a fine job of making people aware of the potential horrors inherent in an atomic bomb attack. At the same time they are emphasizing that there are certain ways in which the populace can combat the devastation, with the resultant saving in life and property. They emphasize certain positive things to be done as soon as the air raid sirens sound.

The American Cemetery Association in Columbus, Ohio, have taken a negative approach to atomic attacks and offer the advice we are reproducing below. There's truth in what they say even though you get a chortle out of their advice, think over what they say, particularly the end results.

As soon as the bombs start dropping—run like heck. It won't do you any good but it keeps your mind off more important things.

If you find an unexploded bomb, always pick it up and shake it. The firing pin is probably stuck and bombs in that condition are a constant source of danger.

Always under any circumstances get excited and shout. It will add to the confusion and scares the dickens out of little kids.

Go to the nearest phone and start calling your friends. Someone might want to call the fire department, but they will be busy and appreciate not being called.

Always eat heavily of garlic and hamburger cheese and drink strong wine before entering a shelter. This makes you a bit unpopular, but it is surprising how much more room you get.

Knock those down in charge if they start telling you what to do. They always save the best seats for themselves anyway.

If you should be the victim of a direct hit, don't let it upset you—don't under any circumstances fly to pieces. Just lie down and relax, you're dead.

Little Margaret Jensen, daughter of Mr. and Mrs. Bryant Jensen celebrated her fourth birthday on Saturday with a party. Margaret and her friends enjoyed the games and lunch greatly.

Mr. and Mrs. Ellys Piepgrass entertained Mr. and Mrs. Don Steed of Cardston, Mr. and Mrs. Bob Brandley and Mr. and Mrs. Ralph Walker at their home Sunday evening. A lovely visit and lunch were enjoyed.

Deldre of the Sorrows
Big three behind the Canadian work with which the CBC Opera Company will launch its fourth season on October 10th are (left to right) Librettist John Coulter, conductor Geoffrey Waddington and composer Healey Willan. The opera is "Deldre of the Sorrows" based on an ancient Celtic legend; it was commissioned by

the CBC and originally performed on the Trans-Canada network five years ago; once again, the title role will be sung by Frances James, soprano. Seven complete operas will be broadcast during the season, including Puccini's "La Boheme" and "La Tosca" Mozart's "The Marriage of Figaro" and Benjamin Britten's "Peter Grimes".

The old narrow trails where two cars could barely pass without colliding are happily being replaced by splendid wide highways on which six or eight cars can collide at one time.

IT'S TRUE: Optimism is a killer of fear, and a smile will get under the thickest skin. There is a smile inside of every man and your own smile will bring it out. Every time you smile, you make life a little brighter both for yourself and the other fellow.

Hints For the Home

Window shades, which are still in good condition, may be refinished in colors to harmonize with the room in which they are to be used. Unroll the shades and lay them flat on the floor, after it has been covered with clean papers. Dust the shades, then apply interior flat paint with a wide soft brush, flowing the paint on generously. When thoroughly dry, turn the shade over and refinish the other side.

have a look at them. Perhaps they can give them that "new look".

WE WANT NONE OF THIS

Threat of class warfare by the CIO-CCF combination brings sharp rebuke from the Financial Post. Those who unfurl the banner of the class war are engaging in pretty nasty business. Perhaps they do not realize that class consciousness hasn't, for the vast majority, ever entered Canadian heads. Nearly all Canadians go to the same school, speak the same accent, eat the same food, drive the same cars and sit with anybody in theatres and churches.

Will it be easy to convince workers, their wives and their families that they belong to some class which makes them somehow different from their neighbors.

Harry Maunls shares with Earl Cameron the principal burden of broadcasting the CBC National News in the evenings (CBX Alberta, 7:00 p.m.) A former Maritimer, he is now living in Toronto. His chief interest is broadcasting and his chief bugbear is "fluffs".

Nola Atwood, Geraldine Palmer, and Kay Stone motored to Edmonton last Sunday where they will be students at the Alberta University this year.

With grain storage at a premium this fall every effort will have to be made to protect threshed grain from the weather. C. A. Cheshire, Extension Agricultural Engineer, suggests that temporary bins may be readily constructed by using snow fencing or woven wire. The snow fencing should be lined with some strong tough waterproof material that will contain the grain. "Fibreen" paper is excellent material for this lining, although some of the heavy vapour barrier papers are satisfactory. The paper lining is not continuous around the storage but should be cut 8 or 10 length and overlapped sufficiently to allow for expansion of the snow fencing itself.

The snow fencing should not exceed 50 feet in length, which means that the storage will be just under 16 feet in diameter. Grain should be delivered to the centre of this storage area so that the pile rises evenly along the walls. Care should be taken to see that the paper is snug against the fencing as the grain fills the storage. When this type of storage is required and it is likely that the grain will have to be left for a period of two weeks or more, it is advisable to place 8 inches or a foot of straw on the ground under the grain. If the storage is for just a short time, cleaning of the loose surface earth is all that is necessary and will allow easy and clean recovery of the grain.

Woven wire can be used in much the same manner as the snow fencing. The interior of the wire must be covered with some tough material and the following have been found satisfactory: canvas, jute sack, straw, sheaves or hay. Again, the circumference of the storage should be in the neighborhood of 50 feet. As with the snow fencing, straw on the bottom of the storage is advisable where storage is necessary for any appreciable length of time.

NO, THANK YOU

Dr. Melchior Palyi, U. S. economist thinks that Canada is paying too high a price for its sovereign independence. Financially, he suggests, we would be much better off if we threw in our lot, politically and economically, with the United States.

Few Canadians, declares The Financial Post, would be eager to trade our systems of law, education and even politics for those of the U. S. We have some traditions that we would not like to lose. There are some special problems in the United States that we would not like to inherit. We may be more conservative, less emotional, less sure of ourselves—and poorer. But perhaps we prefer to remain that way.

Car Owners! DODGE HAS THE ANSWERS to questions you frequently ask

Q Should I use a standard or premium gasoline in my car?

A That depends on the make of your present car. All new Dodge engines are designed to operate with maximum performance and top efficiency with ordinary gasoline.

Q How can I judge the amount of choking my car requires to start under varying weather conditions?

A Unfortunately, you cannot. But new Dodge cars are equipped with an Automatic Electric Choke which makes starting easier—particularly in cold weather, and avoids wasteful over-choking.

Q If my foot brake should fail, will my parking brake still operate?

A Yes, if you own a Dodge. The Dodge parking brake is completely independent of the foot brake, operating on a drum of its own fastened to the propeller shaft. When the propeller shaft is locked, the wheels cannot turn. In many cars the parking brake operates on the two rear drums of the foot brake.

Q In face of the high cost of body repairs, why don't all cars have detachable fenders?

A It would seem that some manufacturers have sacrificed the practical for styling. All Dodge fenders are bolted on and are easily removed to facilitate replacement or repair.

Q How can I stop my gas lines from clogging with dirt and water?

A With most cars there's no sure way. You might try draining and cleaning out your tank from time to time. In cold weather always keep your tank well filled as this reduces the amount of condensation. With a 1951 Dodge, of course, you cannot experience this annoying trouble. The new Dodge is equipped with an Oilite fuel filter located in the gas tank which keeps the entire fuel system free from dirt and water. It's self-cleaning, too, from the switching action of the gas in the tank.

Q Why is rear seat riding in some cars so tiring?

A That's because a low, sloped-back rear seat places you in an uncomfortable position without support under and behind the knees. Dodge chair-high seats, both front and rear, give you proper knee and back support—let you ride long distances in comfort.

Q Is there any real difference in the various types of air cleaners?

A Yes, there are vast differences. For example, all Dodge cars use a heavy-duty oil-bath air cleaner. In "dust storm" tests, this type cleaner proved much more efficient than ordinary mesh-type filters even at the start. And, after 2,000 miles of driving it proved to be still 98% efficient, or nearly double that of other types of cleaners.

Q Should I buy a set of the special tires or tubes advertised as protection against blowouts?

A Many motorists would not be without them. Dodge owners, however, have an exceptional safety factor in "Safety Rim" wheels. Protective ridges on these wheels hold the standard tire in place in case of tire failure, reduce the danger of loss of control and allow safe, straight stops.

Q Why do my windshield wipers slow down and sometimes stop working when I accelerate my engine—often when I need them most?

A That's a little technical but here's the answer in simplest terms. Your wiper is a vacuum type, operated from the vacuum in the intake manifold. This vacuum is highest when the engine is idling—lowest when the engine is under full load, such as when you call for fast acceleration, so your vacuum wipers slow down. With the new Dodge cars you do not experience this trouble as they are equipped with constant-speed electric windshield wipers.

Q How can I best protect my engine from the dirt and abrasives which collect in the oil?

A You should install an efficient oil filter. If your car is not so equipped, not only are all Dodge Coronet and Regent models equipped with a highly efficient Miconic Oil Filter as standard equipment, but all Dodge models give you added protection with a Floating Oil Intake. This type of intake draws only the clean oil from just below the surface, preventing both surface foam and bottom sludge from entering the oil lines.

THESE ARE SOME OF THE REASONS FOR
DODGE DEPENDABILITY, COMFORT AND ECONOMY
"DRIVE A DEPENDABLE DODGE FOR 5 MINUTES AND YOU'LL DRIVE IT FOR YEARS!"

THE NEW RAYMOND RECORDER

The Neighborhood Club completed their eleventh quilt when they quilted one for their hostess, Mrs. E. L. Spackman last Wednesday evening.

A lovely lunch was served at the close of the evening.

Mrs. Owen Larsen had as her guest Mrs. Rojanee Bingham has spent over the weekend her brother-in-law a number of days visiting at the and sister Mr. and Mrs. H. Hague of home of her mother Mrs. Leavitt in Picture Butte.

This winsome little miss is one of thousands across Canada who attend the CBC's Kindergarten of the Air, the picture has just heard the "teach-broadcast Monday to Friday on the CBC Trans-Canada network. Many of them live too far away from a regular kindergarten to attend classes. The program starts off with a song "Teachers" Dorothy Jane Goulding then there's a story following the thought trend of the song, and then their stories, songs, games and suggestions for exercises. There are few rules at the kindergarten: face and hands must be shining clean before the program begins, every small pupil must sit on a stool or rug close to the radio. Animal and toy friends are admitted too. The young lady in the picture has just heard the "teach-broadcast Monday to Friday on the CBC Trans-Canada network. Many of them live too far away from a regular kindergarten to attend classes. The program starts off with a song "Teachers" Dorothy Jane Goulding then there's a story following the thought trend of the song, and then their stories, songs, games and suggestions for exercises. There are few rules at the kindergarten: face and hands must be shining clean before the program begins, every small pupil must sit on a stool or rug close to the radio. Animal and toy friends are admitted too. The young lady in the picture has just heard the "teach-broadcast Monday to Friday on the CBC Trans-Canada network. We were very happy to have Max's brother Bob and Miss Betty Tenbrack of Magrath, as our dinner guests on Sunday.

After trying to learn a little Dutch during the course of the afternoon we decided that Betty was doing a much better job of learning English than we would her native language.

"All things in this world are worth no more than the value we set upon them, for a little, to him that thinketh it enough, is great riches."

Local Happenings

The United Church Ladies Aid met at the home of Mrs. Nina Jones last Thursday; the time being spent sewing for their coming Bazaar.

A delicious lunch was served by the hostess.

Mr. and Mrs. Jim Harker, their grandchildren Wesley and Alice Hedstrom, Mrs. Eliza Rich, Mr. and Mrs. Barker Selman attended the Diamond Wedding Anniversary Celebration held in the Cardston Social Centre on Saturday for Mr. and Mrs. C. H. Findley.

Mrs. Ken Shaw was hostess to a gathering of friends Saturday evening to honor Ken on his birthday.

An enjoyable evening was spent playing games and visiting after which a delicious lunch was served.

The regular get-together of the Wednesday Night Club was held at the home of Mrs. Bert Powelson this week. Mrs. Leola Meeks and Mrs. Gladys Gough were the prize winners, taking high and low respectively.

A delicious lunch was served by the hostess.

Mrs. S. B. Smith left last Friday by train for Toronto where she will visit her son Alma as well as another son, Arthur, who is stationed at the RCAF Base at Aylmer.

Mrs. Smith plans to be gone about a month.

Donnie Watson celebrated his ninth birthday with a party last Thursday.

After a great time playing games, playing games and visiting after his mother, Mrs. Charles Watson served them a delicious lunch.

During the coming months, in this publication, Your Treasury Branch will feature reproductions of paintings by Alberta artists.

Some of the famous paintings have been on tour in Alberta, most are available for sale. Art enquiries should be directed to the Cultural Activities Branch, Government of Alberta, Edmonton.

Alberta Treasury Branches are using this means to remind you of the varied industries and natural wealth that make this Province great. For it is increasingly true that your best security is Alberta's future. Your friendly Treasury Branches provide a complete service for business, industry, and the individual. Business loans, personal loans, savings and checking accounts—in fact, a complete financial service is offered for your needs. See your Treasury Branch manager—soon!

**A DISTINCTLY DIFFERENT
KIND OF MUD-SNOW TIRE
THAT OUTSTOPS, OUTPULLS
OTHER WINTER TIRES**

brought to you through

B.F. Goodrich

Research

**12 TO 64% GREATER MARGIN OF SAFETY . . .
UP TO 24% GREATER PULLING POWER!**

THE new B.F. Goodrich Mud-Snow tire is not just an "improved" tire. Developed by B.F.G. research, it has a radically different, scientifically designed tread that stops you quicker on snow and ice. It combines tremendous traction with long wear — and it runs quietly on paved roads.

Check the charts above — the results of tests made with other leading brands of tires under supervision of a famous independent testing organization. These prove that the new

B.F.G. Mud-Snow is the tire for you this winter — for sure, safe traction on ice, snow, mud and slush.

Drive in today and have your B.F.G. dealer make the change-over to Mud-Snows on your car.
